

# BRUSH GUARD ASSEMBLY INSTRUCTIONS

## Parts List (Please check that you have all the parts listed below before you start assembling)

Quantity	Brush guard assembly hardware
1	Welded center frame
2	Brush guard head light protectors
1	Lower support bar
10	M12X20 (19mm hex studs)
8	M12 (19mm hex button nut)
1	1 Oz. Lock tight adhesive <b>(Please apply to all nuts and bolts when install)</b>

## Assembly of Brush Guard

1. Place welded center frame on a flat surface.
2. Identify and place left and right brush guard head light protectors next to the welded center frame.
3. Place the lower support bar in between the brush guard main plates.
4. Fasten and secure Brush Guard components by using supplied assembly hardware.  
**(Do not use air tools when tighten components)**
